

Oldham Community Diagnostics Centre

DAY Project Management were commissioned to manage and coordinate the site of a new single storey modular Community Diagnostics Hub facility at Salmonfields, Oldham. The initial phase comprises some 795sq ft building development, complete with modular mobile CT/ MR/ and PET-CT scanner facilities.

DAY PM contributed by working directly for Northern Care Alliance to deliver a scheme inside the mandatory programme dates. Managing the external Groundworks contractor and the Modular build company. Proactively managing the design team and liaising closely with the clinical team and stakeholders. Key control mechanisms are put in place for this project such as Change Control Forms, Request for Information, Monthly Reporting, and regular site visits. Chair and minute monthly progress meetings.

Client: Northern Care Alliance, Oldham

Value: £10m

Programme: Completed January 2023
