

JACK STREET

Managing Director

Jack is an award-winning experienced Project Manager with over 30 years' experience within the construction industry and is the Managing Director of DAY Project Management Ltd. Jack leads our team in Manchester and sits on the Board of DAY PM. Jack has been personally responsible for in excess of £700m of framework construction projects, using frameworks as varied as NHS SBS, OGC, CPS, PPF and CIF.

Jack has experience in the Civil and Structural design field, and so has significant understanding of the relationships between design development and construction process from his 13 years in design consultancy.

Jack has extensive knowledge of processes and stakeholder management from his experience in working with clients such as Greater Manchester Mental Health NHS FT, Northern Care Alliance NHS FT, Lancashire Teaching Hospitals NHS Trust, Pennine Acute NHS Trust, Spire Healthcare, Nuffield Healthcare, British Rail Board (Residuary), Pennine Care NHS Trust, Orange Communications, Equality and Human Rights Commission, Vaultex UK Ltd and Her Majesty's Court Service.

The Spire Manchester Hospital was a significant achievement for Jack and won Project of the Year (Construction) at the Association for Project Management Awards in 2017. It was also shortlisted for Project of the Year awards at awards ceremonies hosted by IHEEM, Building Better Healthcare and Greater Manchester Chamber of Commerce. More recently, the North View project was also shortlisted for the Greater Manchester Chamber of Commerce "Project of the Year Award" in 2025, and also shortlisted at the Design in Mental Health Awards.

Jack has also spent considerable time on secondment with major organisations such as:

- Pennine Care NHS Foundation Trust – working with the Capital Team to deliver multi-million pound projects to provide secure mental health care facilities,
- Lancashire Teaching Hospitals NHS Foundation Trust – Delivering a £25m Capital Programme on two busy Acute hospital sites
- Orange Personal Communications Ltd – delivering infrastructure solutions in the mobile telecommunications market

By working closely with client organisations, Jack has helped develop excellent working relationships with key members of these organisations to demonstrate how he can add value to all aspects of projects.
