

RYAN CROCKETT

Senior Project Manager

Ryan is a Senior Project Manager within DAY Project Management Ltd. Ryan is an essential part of the team and has been involved with DAY PM since its inception. Ryan is organised, self-managing and able to prioritise and balance his wide-ranging workload. He is a confident communicator who is able to deal with all hierarchical levels and has the ability to work as part of a busy team which he is embracing and looking forward to the upcoming challenges. Interfacing with all stakeholders throughout project to ensure a successful completion. He approaches all work with enthusiasm and positivity. Ryan provides invaluable Project management support on a wide-ranging variety of projects. He has recently completed his degree in Construction Project Management and continuing his professional development by undertaking his CIOB Chartership.

Ryan is experienced with interfacing with all stakeholders, maintaining good relationships with clients, other design team members, contractors, and other key stakeholders. Having spent time on secondment Ryan has a really good understanding of the complexities when delivering healthcare schemes and supports the project team with his knowledge and lessons learnt from past projects.

Ryan has worked on a number of schemes ranging in value from £100k to £15 million delivering projects such as theatres, refurbishments, MRI replacements and endoscopy buildings.
